

GEN. CHOI HONG HI

NEWSLETTER NUMBER 5 OF 1990

16th. July

Our President spends a great deal of his time in visiting other countries to give courses and seminars and we list here the recent visits. It would be nice if the hosts could take photographs and send a report of the visit giving details of the visit and numbers of people who attended the course etc. Please try to do this.

On April 1st. Gen. Choi Hong Hi supervised another course in the Soviet Union and this was followed on April 9th. by the international course in Vienna which saw a large number of people from different countries participating. Following this a visit to Britain where another course was held. May 19th. was the commencement date of a course in Argentina and this was very well attended with people from Uruguay also participating. Then on to Brazil which gave great encouragement to the people there. June 18th. was the date for a visit to Denver and another international course which was well received. A trip to Vietnam has just been undertaken and at the present time China is being visited. Quite a varied and exhausting itinerary as there are other visits made in conjunction with the courses.

NEW NAME LIST

The new list which must be filled in and sent when applying for certificates does not ask for the name and address of the person to whom the certificates should be posted. Please write the name and address when you apply for the certificates.
