POKROVITELJ
GRAD ZVORNIK

To whom it may concern,

Dear friends, coaches, instructors and competitors, it is my honor to invite you on the third Grand Prix Srpsko Soko tournament, which will be held on 25th of May 2024.

On previous years we successfully organized Grand Prix Srpsko Soko, during which we hosted 500 athletes from 15 different countries, and we expect even more of them this year.

We received sympathies and praise from the ITF secretary general, which states about level of responsibility of the entire organization. It will be our special honor to be a good host for you once again this year, and from your side we hope you will organize your time and include our tournament in your official competition calendar.

Best regards!

President of organisation committee

About Zvornik

Territory of Zvornik Municipality expands on 371, 95 square kilometers, in north-east part of Republic of Srpska, Bosnia and Herzegovina. Zvornik has favourable geostrategic position since it is placed on the crossroad towards large towns such as Sarajevo, Belgrade, Novi Sad, Tuzla and Bijeljina. It is almost on the same distance from the above mentioned large regional center Sarajevo, Belgrade and Novi Sad.

It is connected with highways with Belgrade and Sarajevo which have international airports.

Special symbol of this town consisted from three parts but also unique, is middle-age fortress. It is presumed that the fortress was built on the end of 13 or beginning of 14 century. During 15 century it was conquered by the despot Djuradj Brankovic, and it is named by him. Fortress was expanded later on by the Turks during their ruling period (1460-1878), and upgraded by the Austro-Hungarians whose army was settled in Zvornik's fortress in period of 1878 to 1918. That is why this facility represents different historical periods.

Fortress is proclaimed by the Board for national monuments preservation, as National monument.

City is consisted from three mutually connected parts:

- Lower town (next to the road Zvornik-Sarajevo, with recognizable city gate)
- Middle town (the oldest part, with Great tower 20 meters high positioned in the center of fortress)
- Upper town (on a raised hill above Zvornik, elevated 400 meters above the sea)
- The fortress is associated with numerous legends, one of them is that town is raised by the wife of Djuradj Brankovic, cursed Jerina. As tourists favors locations surrounded by myths and legends, these stories will also be used in order to attract more visitors.
