CONGRESS

The Congress will take place on 17th. August at 13.30 hours in the Remy Martin Room of the Hotel Ritz Paris. The Agenda is enclosed with brief explanations of the items. We remind you that 2 delegates per country are allowed to vote.

VIIth. WORLD CHAMPIONSHIPS

We remind you that you MUST send all registration forms for all competitors to the organizers. Failure to do so will result in the competitors being disqualified from participation. THIS MUST BE DONE NOW. Send a copy to the ITF HQ.

You should also give your flight number and arrival details.

UMPIRE COURSE - we remind you that the ITF will pay for you only for arrival on the 15th. and taking the course on 16th. and 17th. Officiating at the championships will have your hotel etc paid by the hosts. We need umpires to participate and we remind you that every country should send at least 1 international umpire to the event. Should this not happen then it will make things very difficult. All 4th. degrees and over who are going to the championship and not competing will be expected to judge at the event. Please go to the umpire course so that you are qualified as we need your help with this. This means that if you are a 4" or over and you go as a trainer then you are asked to judge at the times when your competitors are not performing. This is considered to be fair as your hotel and food is being paid by the hosts.

INTERNATIONAL MARTIAL ART GAME COMMITTEE(IMGC)

Enclosed with this newsletter you will find a prospectus and draft constitution for a new body called the IMGC. This proposal is made by Gen. Choi Hong Hi and will be discussed at the congress meeting. In the meantime we would like to know your opinion and we also enclose a form for you to fill in and sign. This signature should be of the President or other authorised official of the national association.

NEWSLETTER NUMBER 5 OF 1990

16th. July

Our President spends a great deal of his time in visiting other countries to give courses and seminars and we list here the recent visits. It would be nice if the hosts could take photographs and send a report of the visit giving details of the visit and numbers of people who attended the course etc. Please try to do this.

On April 1st, Gen. Choi Hong Hi supervised another course in the Soviet Union and this was followed on April 9th, by the international course in Vienna which saw a large number of people from different countries participating. Following this a visit to Britain where another course was held. May 19th, was the commencement date of a course in Argentina and this was very well attended with people from Uruguay also participating. Then on to Brazil which gave great encouragement to the people there. June 18th, was the date for a visit to Denver and another international course which was well received. A trip to Vietnam has just been undertaken and at the present time China is being visited. Quite a varied and exhausting itinerary as there are other visits made in conjunction with the courses.
