VISITING OTHER COUNTRIES

Another reminder to all of you that when you visit other countries for TKD business that, as a matter of courtesy, you should inform your NGB and the NGB of the country you plan to visit. In the case of instructors or other higher ranking black belts, from 3 Dan and above, it is also necessary for you to inform the ITF that you will visit another country and give details of where, when, and why you intend to visit. Should you not inform the ITF then it may be necessary for a report to be made to the disciplinary committee.

DOBOK STRIPES

The black stripes which are to be worn on the Dobok jacket are being worn in different ways by different people and we have a change in the regulations which we hope will ensure that everyone wears them the same way. At the moment it reads: RULES AND REGULATIONS, April 1988, Page 4, 12. DRESS, DOBOK.

"1Vth. Degree and above will also wear black stripes, 3 centimateres wide, on the outside of both legs of the pants. The stripes should be from top to bottom and only interrupted so that they stop shortly before, and commence shortly after, the letters 'ITF'. Also black stripes, 3 centimetres wide, from the bottom to the top of the outside of the sleeves. The top of the sleeve is indicated by a seam and the stripes should not be worn on the top of the shoulders. The top of the shoulders should indicate the classification of instructor by the wearing of the official 'flashes'."

This should be changed to read:
